

AFTERWORK

Afterwork is an indoor activity. As the name says, it suits best after work or a long conference day, as a fun recharge for the evening. After work is a team competition where various talents and knowledge are tested, in short you can say that it is a quiz where a lot of other challenges have crept in. The competition takes about an hour and we guarantee that there will be a lot of laughter, spontaneous whims. Competition is ended with a prize ceremony where the winners are rewarded with medals.

5 - 6 persons per team
