CHALLENGE

The Challenge is a fun team competition where all participants can contribute in their own way. Each team has to cooperate within the team, prioritize and delegate in order to be successful. The team that are most creative and uses their skills most efficient will prevail. Each team receives a backpack with equipment, a digital camera and mission book containing all the missions and a map. The objective for each team is to complete as many missions as possible. The missions are worth different amount of points depending on the level of difficulty so they have to prioritize in which order and who shall complete these missions. The map contains 3 locations where the team has to navigate to in order to earn extra points. It is not a matter of muscles or strength. Teamwork and creativity is the key to win this competition. The Challenge is one of our most popular and appreciated activity.
