

LASERSPORT

An environmentally friendly and safe way to enjoy the fun and excitement of clay pigeon shooting. Suitable for all ages from 12 years, for team and individual competitions. Up to five authentic shotguns can be used at the same time. Hits, misses and points are displayed in real time on an electronic scoreboard. Safe infra-red signals are used instead of shot, this means that the unpleasant thump in the shoulder caused by the recoil is avoided. Competitions can be arranged anywhere anytime, outdoors and indoors. If it is dark we use fluorescent clays.

FAKTA

Price: 595 SEK/ person
Minimiprice: 8500 SEK
Participants: 5 - 200 persons
Recommended time: 1 hour

Prices are valued excluding VAT
