

RIB-ARCIPELAGO RACE

The group is divided into teams of 12 people. Each team will have their own RIB boat and chart. On the chart there are 16 checkpoints. Each team has to plan in which order and which way to go in order to take the checkpoints as fast as possible. The team that takes home all of the checkpoints first wins. On each RIB there will be 2 experienced skippers. The skippers will drive the boat and make sure that the teams decisions and the routes they take is safe and follows all the naval regulations. R.I.B boats master all types of water, with maneuvering capabilities and powerful motors inviting an euphoric feeling "as if you were flying directly over the water's surface". You are unable to get away from the adventurous, tingling feeling that grabs you when you ride in a RIB boat. It is prohibited to be intoxicated of alcohol or medicine in this activity

FACTS

Price: 2590 SEK / person

Minimiprice: 30000 SEK

Participants: 8 - 200 persons

Recomended time: 2 - 4 hours
